

HADDON TOWNSHIP BOARD OF EDUCATION

Broadcast

Dear Haddon Township School District Community,

During dismissal today at Haddon Township High School, two gentlemen stood with a large sign that read "REPENT" in large letters and other religious verbiage in smaller font. One of the men also spoke into a megaphone while declaring his religious beliefs. Please be advised that these individuals **were not associated with the school district in any way, nor were they associated with any clubs or connected to our assemblies today**, which focused on developing healthy habits and abstaining from drugs and alcohol. When school officials noticed these individuals, we immediately notified Haddon Township Police as a preventative measure. However, since they were standing on public property between a sidewalk and a curb, these individuals were entitled to a "peaceful protest." When students exited the building, they wisely ignored these individuals, and dismissal was **without incident**. Following our student dismissal, these individuals vacated the area.

-Sincerely,

Robert J. Fisicaro, Ed. D. Superintendent
