

HADDON TOWNSHIP BOARD OF EDUCATION

Broadcast

Dear Haddon Township School District Community,

Throughout the past 16 months, the Board of Education has engaged with our community in a series of conversations and focus groups to develop a long-term shared district vision for the Haddon Township School District. This work is now at a critical point, and **we need your help to move it forward**. We have successfully engaged a third-party group *Future Works* to assist us.

Future Works Alliance will use assisted technology to engage all Haddon Township stakeholder voices to move ideas into action. The methods and analytics that we will utilize are much more advanced than the Survey Monkey instrument that we typically depend on. This new survey instrument will help us create the most viable roadmap for collective execution of goals and actions and help us understand community misalignments in opinions.

Register for the Survey

We invite all community members to sign up and receive a personal link to the opinion survey and share it with all Haddon Township residents on your social media circles. Sharing your thoughts in this critical step will provide valuable data to create the most viable and endorsed strategy. The survey will take approximately 15-20 minutes to complete. Your responses will be protected by a non-disclosure agreement and are strictly confidential.

Timeline

Please sign up for the survey **before next Friday, February 18th, at 4 pm**, when the window will be closed. The strategic opinion survey, mainly developed from previous community feedback, focus group meetings, and interviews, **will be sent to you during the week of February 21st**. The opinion survey email will come from Anne Gemmell of *Future Works Alliance*, not the district.

Click here to sign up.

Thank you for your continued partnership and willingness to assist us during this exciting time. Have a great day.

-Sincerely,

Robert J. Fisicaro, Ed. D. Superintendent
